

# FROM CAMP FUNSTON TO SCHWEICH, GERMANY

(Continued from Page One.)

you demonstrated the fitness for battle of a unified American army.

We appreciate the loyal training and effort of the First Army. In the name of our country, I offer our hearty and unmeasured thanks to these splendid Americans of the 1st, 4th and 5th Corps and of the 1st, 2nd, 4th, 5th, 26th, 42nd, 82nd, 89th and 90th Divisions, which were engaged, and of the 2nd, 15th, 78th, 80th and 91st Divisions, which were in reserve.

John J. Pershing,  
General, Commander in Chief,  
G. H. Q., American Expeditionary Forces.

France, Dec. 19, 1918.  
General Orders No. 232.

It is with a sense of gratitude for its splendid accomplishment, which will live through all history, that I

record in General Orders a tribute to the victory of the First Army in the Meuse-Argonne battle.

Tested and strengthened by the reduction of the St. Mihiel salient, for more than six weeks you battered against the pivot of the enemy line on the western front. It was a position of imposing natural strength, stretching on both sides of the Meuse river from the bitterly contested hills of Verdun to the almost impenetrable forest of the Argonne; a position, moreover, fortified by four years of labor designed to render it impregnable; a position held with the fullest resources of the enemy. That position you broke utterly, and thereby hastened the collapse of the enemy's military power.

Soldiers of all of the divisions engaged under the First, Third and Fifth American Corps and the Second Colonial and Seventeenth French Corps—the 1st, 2nd, 3rd, 4th, 5th, 26th, 29th, 32nd, 33rd, 35th, 37th,

42nd, 77th, 78th, 79th, 80th, 81st, 82nd, 89th, 90th and 91st American Divisions—you will be long remembered for the stubborn persistence of your progress, your storming of obstinately defended machine gun nests, your penetration, yard by yard, of woods and ravines, your heroic resistance in the face of counter-attacks supported by powerful artillery fire. For more than a month, from the initial attack of September 26th, you fought your way slowly through the Argonne, through the woods and over the hills west of the Meuse; you slowly enlarged your hold on the Cote-de-Meuse to the east, and then, on the 1st of November, your attack forced the enemy into flight. Pressing his retreat, you cleared the entire left bank of the Meuse south of Sedan, and then stormed the heights on the right bank and drove him into the plain beyond.

The achievement of the First Army, which is scarcely to be equalled in American history, must remain a source of proud satisfaction to the troops who participated in the last campaign of the war. The American people will remember it as the realization of the hitherto potential strength of the American contribution toward the cause to which they had sworn allegiance. There can be no greater reward for a soldier or for a soldier's memory.

John J. Pershing,  
General, Commander in Chief, American Expeditionary Forces.

(Maj. Gen. William M. Wright, commanding), preceding the attack of November 1st, cleared up the difficult and strongly held Bois de Bantheville and attacked on November 1st. It broke through the enemy's lines, advanced strongly day and night, defeating the enemy and his reserves in its front, and drove him across the Meuse. Under heavy fire and against stubborn resistance, it constructed bridges and established itself on the heights. The cessation of hostilities found this division holding strong positions across the Meuse and ready for a continuation of the advance.

the corporation franchise tax. The tax on incomes is now one and one-half per cent on the incomes of married men over \$2,000 and single men of \$1,000. The corporation franchise tax is increased from 75 cents to \$1. The soft drink tax will bring \$100,000 and the income and franchise \$1,500,000 and \$500,000. Governor Gardner has signified his intention of signing them. Senator Bowker, as chairman of the ways and means committee, spent much time and hard work on these measures.

## Makes Two Appointments

Governor Gardner has named T. Speed Mosby, state beverage inspector, under the new soft drink law. Mr. Mosby was formerly beer inspector and made quite a record for efficiency in this position and was re-appointed by the Governor in keeping with his policy regarding efficiency. Wm. H. Lewis of Clayton, has also been named labor commissioner, because of the excellent record he has made during the past four years in that position.

Republican members of the House have forever doomed action on the enabling act for a new constitution at this session by a party caucus which decided that convention should not be held. Fear that the convention would be controlled by the Democrats has caused this action.

Governor Gardner vetoed the measure providing a pension of \$150 a year for each blind person in the state. In vetoing the bill he said the revenue of the state is in no condition to care for it at this time. The Governor expressed regret that he deemed his action necessary. The House passed it over the veto but it is not known what action the Senate will take.

The sum of \$150,000 has been appropriated by the legislature for the purpose of aiding counties in the construction of memorials for soldiers, sailors and marines. Amounts obtainable by the counties are from \$250 to \$1,000.

A workmen's compensation measure endorsed by employers and employees has been passed by the House and Senate and will be signed by the Governor. The measure places a maximum of \$15 a week to be allowed for any one injured.

To Protect Auto Owners  
Drastic measures against the stealing of automobiles have been passed by the House and Senate. The Anti-Horse Thief association has been active in this class of legislation and intends looking after thieves of this kind in the future.

Soldiers are asked by Adj. Gen. Clark and Secretary Ed. Cahill to elect delegates to attend a meeting of the American Legion to be held in St. Louis, May 8-10.

The Senate passed the bone dry bill after placing a number of amendments on it which eliminated the "search and seizure" sections. The bill makes it unlawful to give anyone a drink, even in your own home.

Commissioner C. F. Enright, of the banking department, has issued a call for contributions for funds to be used in looking after returning Missouri soldiers in New York. Amounts of \$1 and more are asked. Contributions may be sent to Mr. Enright at Jefferson City.

The return of Missouri troops has interfered to some extent with the session this week. A number of members have been on committees to receive the boys in New York and others attended the ceremonies in St. Louis and Kansas City. Glowing tributes have been paid the Missouri fighters by those who have been in communication with their leaders. The boys are looking well. They will be discharged at Camp Funston in the course of a short time.

The chautauqua program has an interesting sound—except the airplane," states the Vandalia Mail cautiously. "We want to here and now solemnly warn the public that it is not Vandalia promising the airplane flight. With seventeen failures to bring an airplane after dates had been widely advertised, Vandalia washes her hands of the whole affair, refusing to shoulder the obituary of another failure."
